

What to Expect from your Early Intervention Provider

Questions to help determine the effectiveness of your early intervention program

- Is my provider working with me to meet at a mutually convenient time?
- Is my provider allowing me a chance to share my observations, concerns, and successes from week to week?
- Is my provider giving me feedback on the goals and objectives written in the IFSP?
- Is my provider sharing progress monitoring data with our family to help us better understand where our child's ability level is in relationship to their IFSP goals?
- Is my provider allowing my family to be an active participant in our child's therapy sessions?
- Is my provider sharing language enrichment activities for us to incorporate at home?
- Is my provider creating a supportive atmosphere during the therapy sessions for my family to learn about how to help our child?
